

Guidelines For Donating:

✓ **Items MUST be CLEAN**

We will not hesitate to throw away any donations that have animal hair, dust, dirt, bugs, stains, or any other type of soiled matter.

✓ **Sort and Stack your Items**

Please sort and neatly stack like items with like items. This reduces the “bulk” of bags brought in and drastically decreases the amount of time for us to sort and stock our shelves.

✓ **Please refrain from donating items that are not on our list**

While it is nice to continue to make use out of old things, we simply do not have the space to hold or the staff to sort everything that is donated.
